

2010 ALOHA REGION CLINIC SCHEDULE

Player accreditation was instituted to promote a clearer understanding of the rules and interpretations governing the game resulting in a more competitive and higher level of play with minimum disruption. The clinic cover current rule changes, interpretations, officiating mechanics, scorekeeping, tournament format and player responsibilities.

Player accreditation is **not** official's certification, as the requirements to become a certified official are much more stringent. However, there are a number of player officials who are quite competent and are encouraged to become certified officials. Anyone interested in becoming a certified official should contact the Officials Chair for requirements and additional information.

Every team registered in the Region is required to officiate during pool play. It is recommended that all team members become accredited. The minimum number a team is required to have is six.

Clinic Fee

January 1, 2010 – February 28, 2010	\$35.00 per team.
March 1, 2010 – March 31, 2010	\$50.00 per team
Any clinic thereafter	\$100.00 per team

Checks payable to: Wayne Lee

Failure to remit the appropriate fee will result in the withholding of any accreditation and/or certification for the team and/or club.

Penalties for non-compliance

For those teams who are not in compliance, there is a fine of \$10.00 per official. The fine is assessed when the offending team has an insufficient number of accredited player officials to officiate pool play. The fine is due prior to the end of the tournament.

By agreement with the Region's Executive Tournament Director, the offending team will not be allowed further participation until the fine is cleared. The fine will not be deducted from the offending team's deposit.

2010 ALOHA REGION CLINIC SCHEDULE

Officials Certification (Juniors)

Junior teams traveling to off-island tournaments, i.e., USAV Qualifiers, Volleyball Festival, Junior Championships, are required to have at least one certified second referee and two certified scorekeepers. The certified official could be a player, coach, or parent and must be a registered member of the RVA and USA Volleyball.

The Region has modified the certification requirements for both Junior Olympic referee and scorekeeper as follows:

Junior Olympic Referee

To become certified/re-certified as a Junior Olympic Referee, the candidate must:

1. Be a current USA Volleyball registered member in good standing with the Aloha Region.
2. Attend the current year's Accreditation AND Certification clinics
3. Attain a passing score (80%) on the theoretical referee's examination.
4. Demonstrate the ability and desire to officiate satisfactorily as a second referee during subsequent practical evaluations.
 - a. The Officials' Chair or designee will observe all candidates during and after the officials' clinic.
 - b. Each referee candidate must receive at least two favorable ratings by the Officials' Chair or designee in a minimum of two matches as a second referee.
5. Certification as a Junior Olympic referee is valid for a period of one year.

Junior Olympic Scorekeeper

To become certified/re-certified as a Junior Olympic scorekeeper, the candidate must:

1. Be a current USA Volleyball registered member in good standing with the Aloha Region.
2. Attend the current year's Accreditation AND Certification clinics
3. Attain a passing score (80%) on the theoretical scorekeeper's examination.
4. Each candidate must receive at least two favorable ratings by the Officials' Chair or designee in a minimum of two matches.
5. Certification as a Junior Olympic scorekeeper is valid for a period of one year.

Candidates for Junior Olympic referee and/or scorekeeper will only be scheduled for practical evaluations if s/he passes the written examination. Practical evaluations will be conducted in February/March at Adult tournaments only.
